

ACCELERATE YOUR DIGITAL INITIATIVES

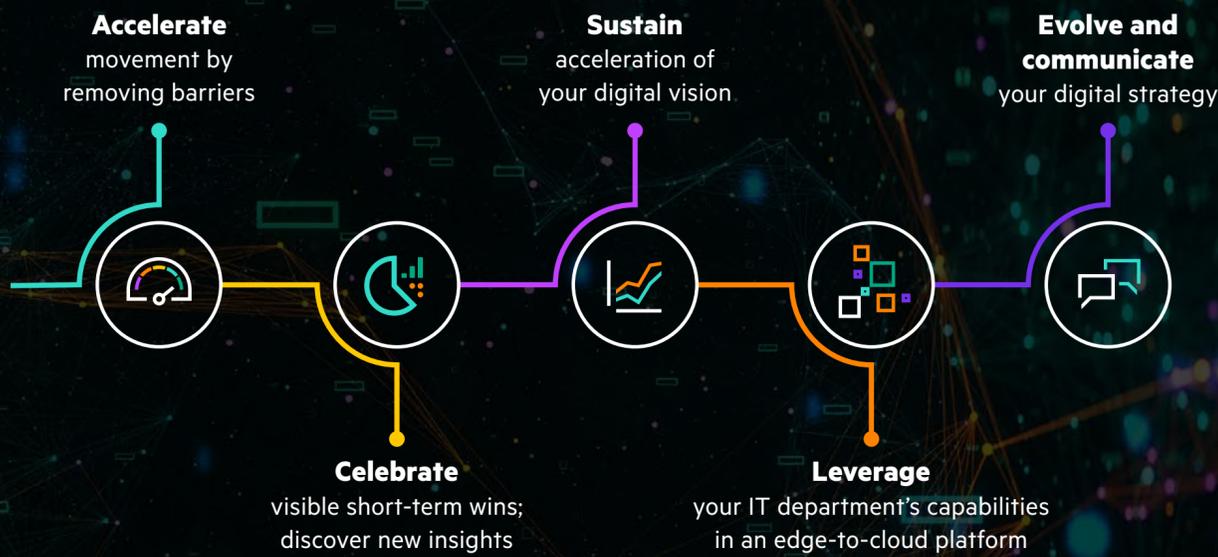

Moving from digital idea to fast value realization

One of the biggest challenges in digital transformation is how to move quickly from digital idea to value realization.

More than 70% of organizations lost momentum at some point in their digital transformation¹

SPEED UP THE JOURNEY FROM IDEA TO RESULTS

INSPIRE COMMON GOALS ACROSS THE ORGANIZATION

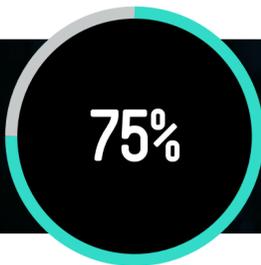

Chief digital officer
Prioritize a clear execution strategy and next steps.

Chief technology officer
Gain faster time-to-value realization, accelerated by initial momentum.

Chief information officer
Achieve faster time-to-market, rapid progress, and quick convergence.

Nearly three-quarters of digital initiatives fail due to fatigue from continuous change²
