Innovation Center—Via Giuseppe di Vittorio, 9 - Cernusco sul Naviglio (MI)

The HPE Innovation Center, located in Cernusco sul Naviglio (Milan), offers personalized and highly interactive briefings tailored to address your critical business challenges and initiatives. Through collaborative discussions, demonstrations and workshops, subject matter experts assist in identifying solutions and developing plans to achieve your desired business outcomes.

The center features five rooms to explore the most innovative technologies through on-site demonstrations, custom workshops, and access to HPE Centers of Excellence worldwide.

**Choose to engage with HPE experts whom offer you first-hand experience with solutions for an interactive, thought-provoking briefing experience. The demonstrations available at the Innovation Center feature the latest technologies offered by Hewlett Packard Enterprise including:**

- Compute Infrastructure
- Software-Defined Data Center and Advanced Management
- **Hybrid IT**
- Hyperconverged Solutions
- Storage Infrastructure
- Data Center Network
- Aruba Solutions—Wi-Fi/Edge Network
