6 questions for small and medium businesses on a digital journey

To chose the right tech
- Does your IT vendor understand your needs and offer advice on what's best for you?
- What are your must-haves: What technology will have the most impact on what you are trying to achieve?
- Is the tech simple to deploy and manage, and can it grow with your business?

To make the most of a tight budget
- What are the pros and cons of your investment options: buying cash vs. paying a price per month?
- If you get tech and services bundled into an affordable monthly payment, what will you do with the remaining budget?
- Can you extract value from aging IT, e.g. trade in your old servers to help fund the new?
