

SUPPORT EVOLVING BUSINESS NEEDS WITH TAILORED DISCUSSIONS AND EXPERIENCES

Virtual briefings connect to worldwide expertise and technology during this challenging time

As we adjust to working and living in remote settings, our focus on you remains unwavering. We know how important it is for you to get the technology solutions you need when you need them to adjust to new and emerging challenges.

Hewlett Packard Enterprise and the Customer Center teams are here to help by providing virtual briefings to support your evolving needs. Connect with HPE thought leaders, executive sponsors and subject matter experts to support your most immediate challenges and unexpected demands during this time.

We will customize briefing discussions to your unique business challenges and aspirations. Recent topics include:

ENABLING REMOTE WORKFORCE PRODUCTIVITY

Support ubiquitous access, seamless communication, and high-performing applications without jeopardizing data security and corporate assets

BUSINESS CONTINUITY AND AGILITY

Learn how to counteract business interruption incidents and to protect IT services and operations.

INTELLIGENT CONNECTIVITY AT THE EDGE

Seamless, cloud-connected and secure personalized experiences that enable your customers, employees and operations at the edge

OPTIMIZING DATA PROTECTION

Ensure data protection with a mix of hybrid infrastructure to power new and legacy applications and workloads, whether data lives on traditional IT or private, managed or public clouds

Contact your HPE account representative to request your virtual engagement.
