

FREE DATA ASSESSMENT

Komprise, available via HPE, provides you a no-cost and no-commitment way to understand your data.

HPE COMPLETE PRODUCTS

Komprise

The Komprise Intelligent Data Management helps organizations with growing unstructured data who need visibility and intelligent automation to transparently manage cold data.

HPE Complete benefits

- Single HPE purchase order—One-stop shop for both Hewlett Packard Enterprise and third-party branded products
- Build with confidence—HPE Complete Assured validation of compatibility and interoperability

HPE and Komprise

Komprise data analysis provides data utilization and offers guidance and tools to manage it. HPE is there to help implement the guidance. Call your HPE sales representative to learn more.

Data is doubling, but IT budgets are not. More storage may not help, but for sure, smarter data decisions will.

TABLE 1. What Komprise delivers

Steps	Impact or experience
1. Know your data wherever it is	<ul style="list-style-type: none"> • How much • How fast it's growing • Who's using it and how often
2. Archive cold data	<ul style="list-style-type: none"> • Offload cold data to more efficient storage • Has no end user or hot data interference • Has no stubs or agents
3. Maintain direct access	<ul style="list-style-type: none"> • Nothing gets between you and your data • Find and access any data without vendor lock-in • No data rehydration—ever
