HPE Client Virtualization with VMware Horizon View

QuickSpecs

Overview

HPE Client Virtualization with VMware Horizon View

HPE Client Virtualization is an end-to-end client virtualization solution based on the best managed and virtualization-ready HPE ProLiant and BladeSystem servers, HPE storage, and HPE Thin Client access devices. It is a desktop replacement solution that delivers to IT teams the flexibility to quickly deploy and refresh desktops, the reduction of associated potential data loss or theft. It also lowers the complexity and cost of desktop management, while continuing to provide end-users with the functionality of a stand-alone desktop.

VMware Horizon 7 delivers virtualized or remote desktops and applications through a single platform to end users. These desktop and application services—including RDS hosted apps, packaged apps with VMware ThinApp, and SaaS apps— can all be accessed from one unified workspace across devices, locations, media and connections.

Leveraging closed loop management and optimized for the software - defined data center, Horizon 7 helps IT control, manage and protect all of the Windows resources end users want, at the speed they expect, with the efficiency business demands.

What's New

- Introduction of Horizon Standard, Standard Add-on, Advanced, and Enterprise editions with 1yr, 3yr and 5yr support, physical format.
- Introduction of Horizon Standard to Advanced Upgrade for Concurrent Users, Horizon Advanced to Enterprise Upgrade for Concurrent Users and Horizon Advanced to Horizon Enterprise for Named Users with 1yr, 3yr and 5yr support, electronic format.

At A Glance

- Hewlett Packard Enterprise offers VMware Horizon Standard, VMware Horizon Standard Add-on, VMware Horizon
 Advanced, VMware Horizon Enterprise, VMware vRealize Operations for Horizon (formerly vCenter Operations Manager
 for View) and VMware vSphere Desktop (100 VM Pack).
- All VMware Horizon products are available only in electronic delivery format.
- HPE Client Virtualization with VMware Horizon comes as an end-to--end solution leveraging integrated virtualization software, reliable ProLiant and BladeSystem server platforms, HPE Thin Clients portfolio and best in class manageability software for physical and virtual infrastructure.
- HPE serves as the single point of contact for HPE Client Virtualization with VMware Horizon offerings and provides 1/3/5 year 24x7 support services and software upgrade entitlements with every purchase.

For more information and complete list of VMware View features please visit: http://www.vmware.com/products/horizon-view

Standard Features

License Activation and Software Download Instructions

Retrieve your 'Entitlement Order Number' from the Entitlement Certificate

- If you have opted for physical delivery, your entitlement certificate will be part of your shipment
- If you have opted for electronic delivery, you will receive an email from Hewlett Packard Enterprise with a link for retrieving your entitlement certificate

Visit http://webware.hp.com and login with your Hewlett Packard Enterprise Passport to generate your "Partner Activation Code' PAC. You will receive an email from Hewlett Packard Enterprise with various activation codes - Partner Activation Code (PAC)

For your VMware products

Visit http://vmware.com/code/hp to 'Register your Partner Activation Code (PAC)' and generate your Serial Number Visit http://downloads.vmware.com to download your VMware software & follow the prompts to install your VMware product

Flexibility

Customers can purchase the end-to-end solution from Hewlett Packard Enterprise in conjunction with the server and storage management software for physical and virtual infrastructure.

The HPE Client Virtualization with VMware Horizon is available in complete bundles as well as a la carte versions for existing. ESX or Horizon customers.

HPE serves as the single point of support for the VMware Horizon solution with integrated Hewlett Packard Enterprise offerings.

Manageability

Utilize the best run server infrastructure with the Insight Control Environment: time-smart management software that delivers total control, maximum flexibility, and tangible savings for your unified physical and virtual ProLiant and BladeSystem infrastructure. Based on HPE Systems Insight Manager and ProLiant Essentials software, the Insight Control suites deliver comprehensive system health, remote control, vulnerability scanning and patch management as well as flexible deployment and power management in one easy to install package.

Integrated with HPE Systems Insight Manager, Virtual Machine Manager (VMM), provides unified management of virtual machines and supports HPE ProLiant host server resources:

- Provides the ability to manage both physical and virtual resources from a single management console.
- Simplifies day-to-day management and operation of virtual machines.

Client Manageability

Complement your server management software with the HPE best in class client management solutions

- Use HPE Device Manager, which is included in the price of all HPE Thin clients, to manage, report on and automate the usage and deployment of all HPE Thin Clients.
- Use HPE Client Automation to manage HPE thin clients, PCs, mobile devices and virtual machines.
- Or select HPs supported 3rd party solutions
 - Symantec Altiris Deployment Solution to manage Thin Clients and PCs

Microsoft System Center Configuration Management to manage Windows based clients

Standard Features

HPE ProLiant Server Support

HPE ProLiant server support software is available for download.

The VMware HCL has been updated to include all certified HPE ProLiant servers.

For more information on the HPE Certified and Supported ProLiant servers please visit the VMware Server Support Matrix at: http://www.hpe.com/servers/vmwarecert

VMware ESX software is supported and certified on a broad range of HPE ProLiant Servers including BL, DL, and ML server series products.

Hewlett Packard Enterprise provides the best in class unified management of physical and virtual servers, storage, virtual devices and clients.

Supported Product (Components and Descriptions)

vSphere

VMware vSphere, the industry's first cloud operating system, dramatically reduces capital and operating costs and maximizes IT efficiency-with the freedom to choose any application, OS, or hardware. The VMware View solution leverages the proven VMware vSphere virtualization software to consolidate desktop environments on to servers in the data center. Support for VI 3 ends with View 5.0

vCenter Server

vCenter is virtual infrastructure management software that centrally manages VMware vSphere environments providing IT administrators improved control over the virtual environment compared to other management platforms. It provides centralized control and visibility at every level of virtual infrastructure. VMware View makes the testing, provisioning and support of applications and desktops much easier and less costly. From a central location you can deliver, manage and update all of your Windows desktops and applications in minutes.

VMware View Manager

View Manager is an enterprise class desktop management solution, which streamlines the management, provisioning and deployment of virtual desktops. Users securely and easily access virtual desktops hosted on vSphere, Terminal Servers, Blade PCs or even remote physical PCs through View Manager. Virtual desktop upgrading and patching are done centrally from a single console so you can efficiently manage hundreds or even thousands of desktops-saving time and resources.

Standard Features

ThinApp

ThinApp application virtualization software decouples applications from operating systems and packages them into an isolated and encapsulated file. This allows you to run multiple versions of applications on a single desktop without conflict, or the same version of an application on multiple operating systems without modification. Reduce storage needs for virtual desktops and simplify application management by streaming applications packaged with ThinApp from a centralized server or a shared network drive.

View Composer

View Composer uses VMware Linked Clone technology to rapidly create desktop images that share virtual disks with a principal image to conserve disk space and streamline management. User data and settings are separated from the desktop image, so they can be administered independently. All desktops that are linked to a principal image can be patched or updated simply by updating the principal image, without affecting users' settings, data or applications. This reduces storage needs and costs by up to 70% while simplifying desktop management.

View Personal Management

View Persona Management enables customers to enable a dedicated desktop experience while deploying floating desktops by preserving the user persona between sessions. View Persona Management is different than Roaming Profiles and has no dependence on roaming profiles but works seamlessly with existing roaming profiles deployments at customer sites.

Local Mode

The VMware View Client with Local Mode allows end-users to run managed virtual desktops locally without a network connection. Offline users can synchronize desktop changes back to the datacenter when they return to the network. The entire contents of the desktop are secure within an encrypted desktop image while all existing IT security policies for that virtual desktop continue to be applied and enforced regardless of network connection.

Configuration Information

HPE VMware Horizon Upgrades

- VMware Horizon upgrades are available in 10 quantity packs for Concurrent Users (CCU) and Named Users.
- Upgrade commercial licenses cannot be sold to upgrade an Academic or Federal base license.
- Customer must have the initial/original base product on a current HPE services contract and must have registered for HPE support on the original base product so that upgrade can be added to an existing service contract. Upgrades are delta priced for license and service between base product and target upgrade. Base product service contract must remain in place when upgrade is applied.

Environment-friendly Products and Approach End-of-life Management and Recycling

Hewlett Packard Enterprise offers end-of-life Hewlett Packard Enterprise product return, trade-in, and recycling programs in many geographic areas. For trade-in information, please go to: http://www.hpe.com/info/recycle.

To recycle your product, please go to: http://www.hpe.com/info/recycle or contact your nearest Hewlett Packard Enterprise sales office. Products returned to Hewlett Packard Enterprise will be recycled, recovered or disposed of in a responsible manner.

The EU WEEE directive (2002/95/EC) requires manufacturers to provide treatment information for each product type for use by treatment facilities. This information (product disassembly instructions) is posted on the Hewlett Packard Enterprise web site at: http://www.hpe.com/info/recycle. These instructions may be used by recyclers and other WEEE treatment facilities as well as Hewlett Packard Enterprise OEM customers who integrate and re-sell Hewlett Packard Enterprise equipment.

Summary of Changes

Date	Version History	Action	Description of Change
18-Jan-2021	Version 33	Changed	Standard Features section was updated
17-Aug-2020	Version 32	Changed	QuickSpecs layout was updated and Branding Refresh was applied.
06-Apr-2020	Version 31	Changed	QuickSpecs layout was updated
26-Sep-2016	Version 30	Changed	Overview, Models, Related Options, Technical Specifications sections were updated. SKUs added in Models and Related Options sections: P9T48A, P9T49A, P9T50A, P9T54A, P9T55A, P9T56A, P9T60A, P9T61A, P9T62A, P9T63A, P9T64A, P9T65A, Q0K31AAE, Q0K32AAE, Q0K33AAE, Q0K34AAE, Q0K35AAE, Q0K36AAE, Q0K37AAE, U6ZZ6E, U6ZZ9E, U7AA1E, U7AA3E, U7AA5E, U7AA7E.
06-Jun-2016	Version 29	Changed	Overview, Models, Product Features, Supported Products, and Related Options sections were updated. SKUs added in Ordering and Configuration section: P9T48AAE, P9T49AAE, P9T50AAE, P9T51AAE, P9T52AAE, P9T53AAE, P9T54AAE, P9T55AAE, P9T56AAE, P9T560AE, P9T60AAE, P9T61AAE, P9T62AAE, P9T63AAE, P9T60AE, P9T61AAE, P9T62AAE, P9T63AAE, P9T64AAE, P9T65AAE, U6ZJ0E, U6ZJ1E. SKUs deleted in Ordering and Configuration section: D8A87BAE, D8A88BAE, D8A89BAE, K8G30AAE, K8G31AAE, K8G32AAE, P9C99AAE, P9D00AAE, P9D01AAE, D8A96BAE, D8A97BAE, D8A98BAE, M7K12AAE, M7K13AAE, M7K14AAE, E1U90BAE, E1U91BAE, E1U92BAE.
16-Feb-2016	Version 28	Changed	Related Options and Models sections were updated. SKUs were added in Models and Related Options sections: P9C99AAE, P9D00AAE, P9D01AAE, U6ZS3E, U6ZS4E.
01-Jun-2015	Version 27	Changed	What's new, Models, Related options sections were updated.
01 04.1. 2020	V 61.61611 27	Added	SKUs added in Models: M7K12AAE, M7K13AAE, M7K14AAE
19-Dec-2014	Version 26	Changed	Models section was updated
01-Dec-2014	Version 25	Changed	Overview, What's New, Models and Related Options sections were updated SKUs added to Models: K8G30AAE, K8G31AAE, K8G32AAE SKUs added on HPE Proactive Care Services: U6YY3E, U6YY4E
18-Aug-2014	Version 24	Changed	Overview section was updated HPE Proactive Care Services section on Technical Specifications was updated
		Added	SKUs added to HPE VMware Horizon Products: D8A87BAE, D8A88BAE, D8A89BAE, D8A96BAE, D8A97BAE, D8A98BAE, E1U90BAE, E1U91BAE, E1U92BAE
03-Jul-2014	Version 23	Changed	What's New section was updated EOL SKUs were removed from the Models section SKUs were removed from HPE Proactive Care Services on Related Options section
20-Dec-2013	Version 22	Removed	Removed part numbers throughout the Models Section.
11-Oct-2013	Version 21	Removed	Removed part numbers throughout the Models Section.
30-Sep-2013	Version 20	Added	Added the Related Options section.
·		Changed	Other changes made in the Overview section to What's New.

Summary of Changes

Date	Version History	Action	Description of Change
13-May-2013	Version 19	Changed	Supported Products: Added HPE Proactive Care Services section. Overview: Completely updated entire section; What's new and At a Glance Models: Completely updated entire section; HPE VMware Horizon Products, HPE Client Virtualization with VMware View and updates,
17 4 . 2012	\\\\.\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\\	Charact	VMware ThinApp and VMware vSphere Desktop sections.
13-Aug-2012	Version 18	Changed	Changes were made in Overview, Models and Product Features sections. Removed Related Options section.
06-Jun-2012	Version 16	Changed	Minor formatting change was made.
04-Jun-2012	Version 15	Changed	VMware ThinApp product descriptions and Service packages for VMware ThinApp Client License 1 and 3 year 9x5 Support and Service packages for VMware ThinApp Suite with 3 year 9x5 Support product descriptions were revised VMware vSphere Desktop was added to Models
